DDC HARDWARE™

Designed by Aaron Draplin/*Draplin Design Co.* and Riley Cran/*Lost Type*
Distributed by Font Seed

General

Commercial use of the font software is not allowed under this license. You may not distribute or repost the font software for redistribution online to any other party. You may not modify or convert the font software for distribution (either for free or for resale). Web font, mobile or desktop application use, or any other embedded uses of the font software are not allowed under the terms of this license.

Personal Use

You have the right to use this font in your personal work (work where you are not paid for your services and where there is no monetary benefit to any party as a result of using the font).

If you plan to use the font software in a commercial manner for any design work that you will get paid for including but not limited to; the design of printed, online, or promotional materials; the creation of any digital or physical products for resale for profit or free; or if you are using the font software to promote a business, product, or service that makes income or any other commercial use whatsoever, you must purchase a commercial use version of the font software.

Student Use

You may use this font for student work such as school assignments and self initiated projects according to the same Personal Use terms defined just above.

Non-Profit / Charity Use

Use by non-profit or charitable organizations is approved on a case-by-case basis. If you're interested in using the font(s) for a non-profit or charitable organization, please contact us.

Questions?

If you're not sure which font licensing is appropriate for your needs, you can check our our licensing flow charts or learn more at fontseed.com/faq/. Otherwise, if you have any questions, please contact us.

Font Installation

If you need help installing the font software, simply read our step-by-step installation instructions at fontseed.com/faq#installation.
